What seems stimulating and interesting
at first can often become **upsetting and
alienating** during a longer study or work
stay in a new country/place.

Does this sound familiar to you?

You find yourself...

not understanding
unwritten rules?

at odds?

reaching your
language limits?

Then you have probably already had
your first experience with **culture shock**.

Together you will reflect on how immersing
yourself in a foreign culture can contribute
to your own personal development. You can
obtain **1 ECTS** with FORUM.

Planning your current semester

Planning your studies

Degree seeking students:

- Starting Point is to inform yourself of the academic structure of the degree you are seeking at KIT.
- Make sure you are familiar with what you need to enroll in and complete to for your program of study as you plan this and the following semesters.
- Read through the Module handbook (MH)

Exchange Informatic students:

- Ensure the modules that you enroll in and select meet the approval of your home university
- Read through our [incoming exchange students website](#) and the information there about [course selection](#)
- No matter if you are a bachelor or a master student you can choose module in bachelor or a master at KIT. However make sure you meet the prerequisite knowledge for the modules you choose
- Ensure the Modules you select are also in your LA

Overview to Modules

Lecture

(Vorlesung)

- Sometimes with Übung (you need to know if the module has compulsory or non-compulsory worksheets)
- Registration later in Semester (*only need to register for the exam, most of the time not for attending)
- Please note that some lectures also include exercises, which must be successfully completed in order to complete the overall module.

Seminar

- Work on a particular topic, write about it and prepare and present it to the group
- Watch others presentations
- Must register before courses begin (depending on the seminar: ILIAS/ Website/ Email/ Wiwi-Portal ...)

Lab

(Praktikum)

- Acquire more practical skills
- Must register before courses begin (depending on the lab: ILIAS/ Website/ Email/ Wiwi-Portal ...)

Thesis

Bachelor- / Master

- Find advisor and topic (Visit the various Institute homepages to assist you in this process and e-mail potential advisors)
- Advisor will help to register the thesis
- Write and defend thesis

Language courses at KIT

One free course per semester:

German classes at KIT [Studienkolleg](#)

Foreign language classes in 14 different languages at KIT [Sprachenzentrum](#)

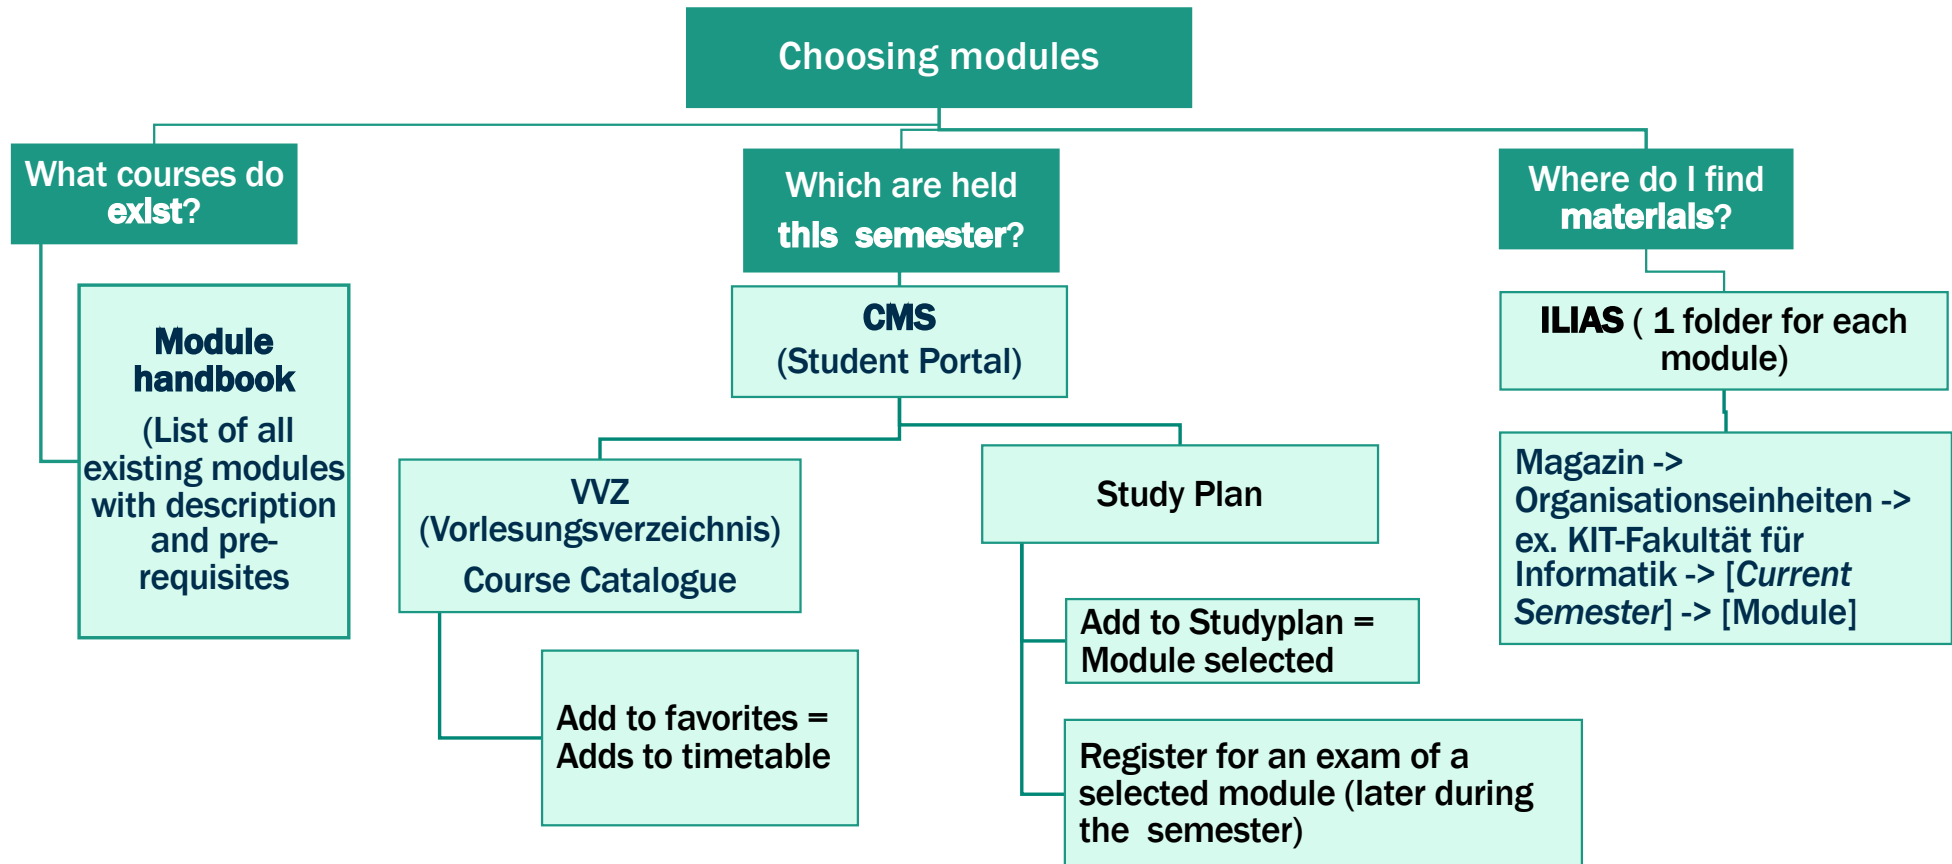

Teletandem for cooperative language learning at KIT [Sprachenzentrum](#)

Remember to register early for next semester!

- There is is an unique Study code (number) for modules, course, units, etc...
 - **Modulnummer** / Module number is assigned to each module
 - A Module may have one or more “**Teilleistungen**” (assessment component) which can be selected
 - The student’s knowledge is assessed in the Module’s various TL
 - Some of the TL are tied together and it is compulsory to select more than one TL in order to receive credit for the Module if you pass the exam, please read Module handbook carefully to see if it is the case
 - If you are an exchange student you need to also include in your Learning Agreement both the MN & TL
